FESTIVAL PLESNIH PERSPEKTIV
FESTIVAL OF DANCE PERSPECTIVES

MARIBOR, LJUBLJANA
25. 6.-2. 7. 2023

AMBIENTALNOST KOT ŽIVA ARHITEKTURA KULTURE MESTA

Festival plesnih perspektiv UKREP se že od leta 2008 ukvarja z razvojnimi strategijami sodobnega plesa v Sloveniji in ukrepa na področjih, ki se zaradi izobraževalnih, produkcijskih, promocijskih idr. deficitov na našem sodobnoplesnem prizorišču kažejo kot pereča.

Tematski fokus letošnjega festivala so lokacijsko posebne uprizoritvene prakse. Metaforično odpiranje proti mestu in meščanom je skupni imenovalec celotnega programa, ki bo spremenil in razdrl kodificirana pravila obnašanja določenih javnih prostorov. Letošnji program festivala ne čaka na občinstvo, temveč mu pristopa na najbolj nekonvencionalnih mestih za umetnost in spreminja kolektivno percepциjo okolice. Vsebina bo naključnemu občinstvu približana tako, da bo dis/re/locirana na pomembna vozlišča mesta. S kolektivnimi intervencijami, ki iznenada vzniknejo na javnih krajih, se lahko vsaj za trenutek povežemo v potencialno drugačen svetu, kjer lahko sestavimo nova pravila. S tem, ko se plesna umetnost iz plesnih dvoran razširi v javni prostor, pa se poruši tudi zid, ki ga marsikdaj lahko ustvarja vase zaprto umetniško ustvarjanje. Ples tako postane del urbane slike mesta, gibalni izraz iz ambientalnosti črpa neposredni utrip in recipročno na njega spontano in aktivno vpliva. Vzajemnost plesa in javnega okolja postaneta gibanje mesta. Premik v mesto postane premik proti občinstvu. Premik postane gibanje. Gib postane ples. UKREP postane ples mesta. Mesto pa postane soplesalec.

Letos, ko je urbani kontekst pomemben del programskega koncepta festivala, bomo pomen mesta in mestnega okolja odprli tudi geografsko. Program bo namreč realiziran na različnih lokacijah v Mariboru in v Ljubljani. Festival letos zavzema ime RAIL2DANCE4UKREP, saj ga združujemo z zaključkom evropskega projekta Rail2Dance. Predstavili se bodo številni lokalni in mednarodni umetniki (Avstrija, Finska, Švedska, Nemčija, Španija, Južna Koreja).

Ujemite nas in skupaj z nami začrtajte nov plesni zemljevid mesta.

AMBIENTALITY AS A LIVELY ARCHITECTURE AND CULTURE OF THE CITY

Since 2008 the Festival of Dance Perspectives UKREP deals with development strategies of contemporary dance in Slovenia and acts on fields that suffer due to educational, productional, promotional or other deficits on our contemporary dance scene.

Focus of this year's festival are site-specific performative practices. The common ground of the whole programme is a metaphorical opening up towards the city and its' citizens, that will change and disassemble the codified rules of behaviour in certain public spaces. This year's festival programme is not waiting for its audience but is approaching it on the most unconventional spaces for art, changing the collective perception of the surroundings. The content will be brought close to the bypassing audiences by dis/re/locating on the most important hubs of the city. By randomly merging collective interventions in public spaces, we can for a moment connect in a potentially different world filled up with new rules. Putting dance art from theatres to alternative outdoor spaces demolishes the problematics that contemporary art is facing by staying enclosed and therefore misunderstood. Dance becomes an urban image of the city since movement is inspired by surrounding ambience and mutually affects the surrounding. Reciprocity of dance and urbanism becomes a movement of the city. A move towards the city becomes a move towards an audience. A move becomes a movement. Movement becomes a dance. UKREP becomes a dance of the city. The city becomes a dance partner.

This year's urban context of the festival widens up also geographically by offering performances in Maribor and Ljubljana. The conclusion of the European project Rail2Dance coincides with the dates of the festival that is why it carries the name RAIL2DANCE4UKREP. Local and international (Austria, Finland, Sweden, Germany, Spain, South Korea) artists will be presented.

Catch us around and trace with us a new dance map of the city.

COSSOC (SI/ES)

Avtorstvo in izvedba / Creation, Direction, Interpreters: MAGÍ SERRA, ANAMARIA KLAJNŠČEK; Skladatelj / Composer: SANTI CARETA; Fotografija / Photography: NORA BAYLACH; Video: IGNASI CASTANYER; Producjska pomoč / With Production Support: ELCLIMAMOLA; Distribucija / Distribution: FANI BENAGES; Koprodukcija / Co-produced by: FIRA TÀRREGA, EL GRANER CENTRE DE CREACIÓ, CENTRE DE CREACIÓ, ROCA UMBERT; Podpora / Supporters: LA VISIVA, C.C. COSSOC je duet katalonskega plesalca Magija Serre in slovenske plesalke Anamarie Klajnšček, ki se je razvil s fizičnim raziskovanjem in performiranjem na prostem. Hipnotična koreografija je napolnjena s sugestivnimi slikami dveh teles, ki v iskanju medsebojnega ravno-vesja raziskujeta kompleksnost in preprostost človeških odnosov, ustvarjata močno medsebojno povezavo, nagovarjata radovednost občinstva, ter preizkušata mejo med javnim in privatnim prostorom.

Plesalca izhajata iz predpostavke, da fizični napor telo prisili k instinktivnemu delovanju, moč in povezavo pa gradita iz medsebojnega prepoznavanja lastne krhkosti. Duo se s plesanjem na prostem odziva na pokrajino, svoje gibanje prilagaja glede na izbrano okolico, plesalca pa s telesoma osvetljujeta njene nevidne detajle. V želji, da se gledalec ob gledanju umiri in posveti poslušanju, je morda celotno delo v iskanju spokoja.

COSSOC is a collaborative duet between a Catalan and Slovenian dancer, made for the outdoors. A hypnotic choreography filled with suggestive images of what two bodies in constant balance can do. A movement research about the complexity and simplicity of a relation. A window for observation and curiosity of the audience, a border between a public and private space.

By establishing an intimate relation between the performers, they create a strong connection, through which they reach the surroundings and integrate with the space. The piece leads the audience on a path of calming down and listening. Perhaps the whole creation is in search of a place to be with ease.

BECOMING-DANCER (KR) POSTAJATI-PLESALEC

Izvedba / Performed by: WONGYOUNG KIM, KISUB CHOI; Koreografija / Choreography, Direction: KISUB CHOI, SINAЕ RHA; Dramaturgija / Dramaturgy: EUNBIN HA; Kostumografija / Costume Design: HOJIN JEONG; Oblikovanje zvoka / Sound Design: ONYOO NA; Oblikovanje luči / Lighting Design: YEONHWA GONG; Producent / Producer: SOOHYE JANG; Video / Videography: JUHO PARK; Podpora / Sponsored by: KOREA DISABILITY ARTS AND CULTURE CENTER; Trio A koreografija / Trio A Original Choreography: YVONNE RAINER

Postajati-plesalec je sodobno plesni duet plesalca na invalidskem vozičku, Wonyoungoma Kima, in Kisuba Choima, gibalno neoviranega plesalca, ki se poleg Sinae Rha podpisuje tudi kot soavtor koreografije. Duet za izhodiščno točko svojega ustvarjanja jemlje odprtost in obračanje sodobnega plesa h gibanju. V duetu se umetnika referirata na delo ameriške plesalke Yvonne Rainer z naslovom *Trio A*. Če vsako gibanje lahko postane ples, ali velja to tudi za negibno oziroma gibalno ovirano telo? Postajati-plesalec razširja sodobni ples vse do ničte točke svojega izvora; ne ustavi se pri gibanju, temveč pri telesu samem. Zato Postajati-plesalec ni zgodba o različnih telesih temveč o telesu kot razliki.

If dance is open to all movement, is all movement open to every body? When every movement becomes dance, how do we imagine the body dancing it? Now it is not the movement but the body that has to be questioned in order to examine the notion of dance. Wonyoung and Kisub revisit Yvonne Rainer's *Trio A* in this piece. It is radical not in that it shows different bodies on stage but in that it questions the notion of the body itself.

Pri soočanju s krizami si delimo fizična čutila. Gre za vrsto neizogibnih nesreč in virusov. Napenjamo se, krčimo in držimo distanco. Toda vse to ni individualna kriza, ampak kolektivna kriza, s katero se je treba spoprijeti. V njej se oblikuje mreža nevidnih rok v pomoč. Nismo sami. Jaz obstajam zate in ti obstajaš za nas.

We share our physical senses when coping with crises. It is a series of inevitable disasters and viruses. We strain and contract and keep our distance. But all of this is not a crisis alone, but this is everyone's crisis to be dealt with. In it, a network of invisible helping hands is formed. We are not alone. I exist for you and you exist for us.

STRUGGLE (KR) BOJ

Avtorstvo in izvedba / Authorship, Performance: DARA JEONG

Želim si pobegniti iz tega vsakdanjega življenja, vendar je nemogoče.
Potem se zavem, da sem kot zvijajoči se črv, in se trudim pobegniti.
Kakšna so moja gibanja in od kod izvirajo?
Kako vidiš samega sebe, ko se borиш?
Z gibanjem želim gledalcem pokazati svoje misli.

I want to escape from this mundane life, but I can't.
Then I realise, I'm like a wriggling worm.
Wouldn't the figure be me, struggling to get away?
What are my struggling or wriggling movements and where do they come from?
How do you see yourself as you are struggling?
I want to convey my thoughts to the audience by movement.

MELTING TIME (SI/ES) ČAS TALJENJA

Koncept, koreografija, glasba in izvedba / Concept, Choreography, Music, Performed by:
ANDREA AGUADO CAMPO, LARA MATEA IVANČIČ

Duet Čas taljenja je baziran na različnih obdobijih čakanja na nekaj pričakovanega. Potuje skozi stanja, ki jih plesalki sami doživljata v tem nekem nedoločenem času. Pogrešanje nečesa, cesar nikoli nisi imel, ker je bil to le plod tvoje domisljije ali navdušenje nad nečim, kar se nikoli ne zgodi. Izvajalki izhajata iz osebnih zgodb, ki jih skozi gib pretvarjata v nova pričakovanja brez očitnega konca.

Melting time is a duet, based on different periods of waiting for something expected. Two dancers undergo various states in this undefined time. The missing of something that you never had, because it was merely existing in your imagination, or the getting excited over something that never happens. Performers are inspired by personal stories that are transformed into new expectations without the obvious conclusion through movement.

dis : locirano je performans, ki se odvija izven gledaliških sten in se gladko prilagaja atmosferi in potrebam urbanega prostora. Na javnih mestih se umetnost sreča in preplete z vsakdanjim življenjem ter pusti emotivno sled znotraj publike. Javno mesto postane zaznamovano s ščepcem privatnosti, individualen pristop mestu doda pomen.

dis : place is designed as an outdoor performance adjusting fluently to the atmosphere and necessity of the landscape of the urban performance space. Public spaces, where art meets daily life, intermingle and leave an emotional trace within the audience. A public spot is touched by a private note, an individual approach leaves an air of significance.

Senzorično-gibalen sprehod za otroke in odrasle /
Sensory-movement Walk for Children and Adults

Koncept in izvedba / Concept, Performed by: BARBARA KANC; Dramaturgija /
Dramaturgy: NIKA ARHAR; Producija / Produced by: PLESNI TEATER LJUBLJANA

Botanični vrt

To je in ni tisti običajen vrt, v katerega ponavadi vstopim.

Je vrt v vrtu.

Tam je, med drugim, dnevna soba. In srebrno morje.

Drevo, šeles, zelenje, hoja po nebu.

To je kraj za zgodbe, za čarnost. Čas za potovanje.

Vrt je koreografija perspektiv, ki otroke in odrasle popelje po izbranih kotičkih Botaničnega vrta v Ljubljani. Običajen pogled obrne na glavo, pa tudi navzgor, navznoter in čez. Na sprehodu udeleženci raziskujejo dani prostor, vizualni in gibalni elementi na poti pa gradijo nov poetičen prostor za domišljijo.

Zunaj/znotraj (in vmes) je projekt, ki raziskuje in preizpravi izbrane fizične in javne prostore, naše dojemanje, umeščanje, naseljevanje in spremenjanje le-teh. Pojavlja se v različnih oblikah, tokrat kot senzorično-gibalen sprehod skozi enega najstarejših botaničnih vrtov na jugovzhodnem delu Evrope.

Botanical garden

This is and isn't the same garden that you usually enter.

It's a garden within a garden.

There is a living room amidst. And a sparkly silver sea.

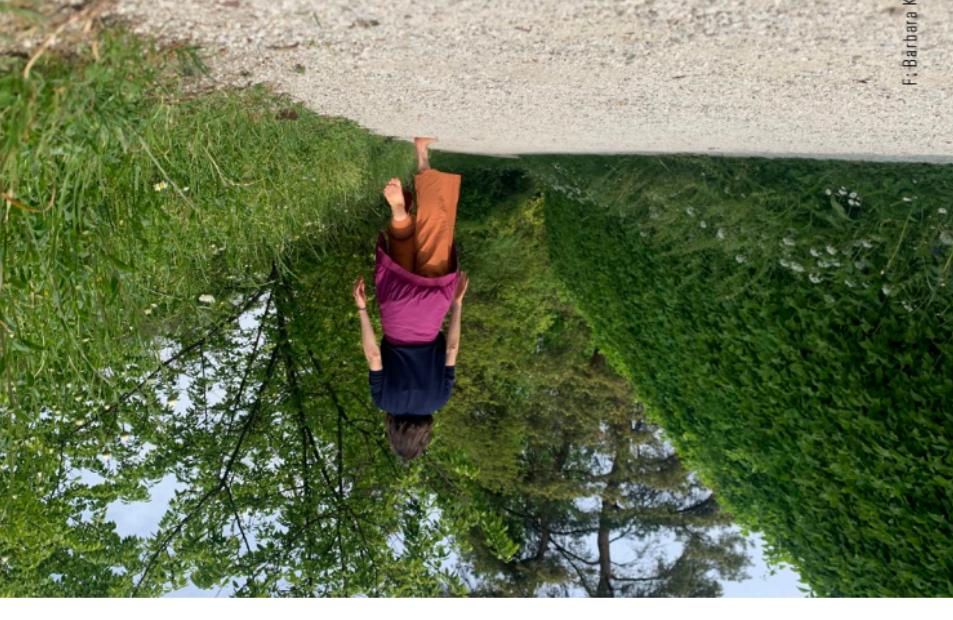

The trees, some rustle, greenery and walkings in the sky.

This is the place for stories, for magic. Time for an adventure.

A garden is a choreography of perspectives that takes children and adults along selected places of Ljubljana's botanical garden. It turns the 'normal' gaze upside down, as well as up, into and across the horizon. During the walk, the participants explore the given space, alongside the visual, sensory and movement interventions in space. Together we build a new, imaginative and poetic space.

Outside/inside (and in between) is a project that explores and questions selected physical and public spaces; our perceptions, placement, inhabiting and our possible influences. It appears in different forms, this time as a sensory-movement walk through one of the oldest botanical gardens in south-eastern Europe.

POTUJOČI DUET (SI) TRAVELLING DUET

Izvedba / Performed by: ALJA LACKOVIĆ, BENO NOVAK; Producija / Produced by:
PLESNI TEATER LJUBLJANA, RAIL2DANCE

Potujoči duet konstantno potuje. Tudi kadar mu je potovanje omejeno. Dve telesi se prepletata, poslušata in komunicirata preko senzibilnega in intuitivnega gibanja. Plesalca črpata gibalni material iz čustvenih spominov vezanih na odnose. Skozi njuno dejansko potovanje se dotakneta in izkusita tako lepoto kakor tudi bolečino deljenih momentov z nekom, ter poskušata najti ravnotesje med njima v težkih okoliščinah. V tem enem popotovanju so shranjeni spomini, nostalgijsa, melanolija, užitek, lahkotnost...

The travelling duet constantly moves. Even in constricted spaces. Based on a very sensitive and intuitive movement the two bodies are interlacing, listening and communicating with each other. Dancers take inspiration from emotional memories of relationships. Through their literal journey they touch and experience the beauty as well as the pain of shared moments with someone and try to find balance between them in difficult settings. In this one trajectory there is a storage of memories, nostalgia, melancholy, pleasure, lightness...

GHOSTING (SE) VPIJANJE DUHA

Koreografija in izvedba / Choreographed and Performed by: ANNA PEHRSSON

Delo si kot podlago jemlje figuro duha v popularni kulturi z namenom iskanja ostalih časovnosti, tekstur in načinov sobivanja v okolju ter z Drugimi. V performansu duh naseli vase energije mimoidočih in opazuje skozi ples.

Vpisanje duha temelji na *floating* praksi, kjer gre za iskanje mehkobe v gibanju, pretvarjanje poslušanja v ples in plesanja v poslušanje. Praksa se preigrava z angažiranjem telesa tako lokalno kot globalno preko čutenja telesa, ki se dotika tal in ozaveščanja, da se tla dotikajo telesa. Z globalno bazo *floating* avtorica znotraj dela, na enem kraju, potuje med različnimi razpoloženji, hitrostmi, veličinami in intenzitetami ter jih nadaljne razvija.

The work borrows from the figure of the ghost in popular culture in order to research other temporalities, textures and ways of being with an environment and the Other. In *Ghosting*, the ghost stands next to and accompanies, it absorbs the energy of passers-by into its bodies and it observes through dancing.

Ghosting is carried by the ground practice *floating*, which is a softening into moving, a listening into dancing, and a dancing into listening. The practice shifts between engaging the body locally and globally, by sensing the body touching the floor, and registering the floor touching the body. With *floating* as the base, the work visits different modes of energy in terms of speed, volume and intensity, which will be investigated on site and further developed.

Mednarodni projekt **RAIL2DANCE** (Plesni tiri), ki vključuje Nemčijo, Slovenijo, Švedsko in Finsko, kot osrednjo temo za svoje zanimanje jemlje javni prostor in kode obnašanja, ki ga ti prostori določajo. Plesalke in plesalci projekta s pomočjo plesnih gibov, kolektivnih koreografij, plesnih slik in igre spreminjajo ter razdirajo kodificirana pravila obnašanja, določena za nek prostor. Ustvarjalke in ustvarjalce projekta zanimajo prostori prehajanja in gibanja, kot so železniške postaje, mestni trgi in ulice ter javni promet. S plesnimi intervencijami ne reflektirajo zgolj vsakdanjih praks v javnih prostorih, temveč pod vprašaj postavljajo tudi pomen skupnosti, ki v sodobnem svetu vse bolj izginja.

Šest umetnikov (Alja Lacković, Sascha Paar, Anna Pehrsson, Maria Naidu, Patrik Riipinen, Laura Chambers) iz različnih držav se je 25. maja podalo na skupno potovanje po partnerskih državah, preko Finske na Švedsko, do Nemčije s sklepnim delom, kjer so se umetniki tudi prvič spoznali - v Sloveniji. Njihove ideje in intervencije lahko ujamete v Mariboru in Ljubljani v času festivala.

International project **RAIL2DANCE** includes four countries: Slovenia, Germany, Finland and Sweden. Selected artists from each country focus on public spaces and social codes that define those places with an interest in breaking these codes through dance, collective choreographies, games and interventions. With interventions in places of mobility and mass movement artists reflect everyday's practices in public spaces and question the meaning of community-term that is disappearing in our modern world.

At the end of May 6 artists (Alja Lacković, Sascha Paar, Anna Pehrsson, Maria Naidu, Patrik Riipinen, Laura Chambers) met in Finland and continued their journey together through Sweden, Germany and conclude it, where it all started, in Slovenia. You can catch the ideas and interventions in Maribor and Ljubljana during the festival.
